

Southwest® presents The Continuing the Legacy in Aviation

Southwest Airlines hosts rising sixth grade through undergraduate college students (accompanied by a parent or guardian) residing in the Continental U.S. to attend a hands-on aviation experience.

The Continuing the Legacy in Aviation includes touring the Southwest Airlines' Pilot and Flight Attendant Training Centers, Maintenance facility, Network Operations Control, Headquarters Emergency Command Center, and Listening Center; flying the Southwest Airlines' flight simulators; visiting the Frontiers of Flight Museum; meeting Southwest Airlines' Leaders; participating in the Technology Escape Room; learning the history of the Documented Original Tuskegee Airmen; and mentoring by retired and current Southwest Airlines Employees.
